Subject : **Cisco Webex Auto-Ending Meetings Every 40 Minutes**

---

This letter is to inform the community that our Cisco Webex meetings are currently auto ending every 40 minutes. The team is still coordinating with Cisco Webex regarding this issue.

In the meantime, **we recommend using an alternative video conferencing platform** such as Google Meet or Microsoft Teams which all have full access too. Please see the attach instruction for using the mentioned platform through iLS-Cloud.

We appreciate your understanding and cooperation in ensuring the smooth operation of our LMS.

If you have any questions or need further assistance, please feel free to contact our team at access-ils.cloud@dlsmhshi.edu.ph and ccei@dlsmhshi.edu.ph.

Thank you.
